

Thank you for your interest in joining the SteadyMD team! The following list includes the minimum requirements necessary to complete the credentials verification process with SteadyMD. Additional information may be required based on clinical discipline and program assignment.

- Completed and signed credentialing application
- Copy of driver's license or passport
- Signed Release of Information authorization (including in the credentialing application)
- Current and unencumbered professional state licensure in the state you are practicing from and the state your patients are in.
- Copies of state licenses
- Copy of Diploma
- Copy of training certificates (internship, residency, and fellowship)
- Copy of Board Certificate
- Current CV in month/year format that includes work history since completion of education
- Current registration with NPPES and a valid NPI number
- Copy of current DEA certificate
- Copies of ECFMG and Fifth Pathway certificates (if applicable)
- Copies of all face sheets from current and previous professional liability insurance policy
- CAQH Number
- Passport photo
